Date first trialed: June 1995

Date WTCH attained: 1997

Highest score: 113 on what class of stock? Ducks

Special Accomplishments / story: Pepper was my first Aussie and she does it all: the reliable sheep, ducks and cow dog on the farm, my helper in the house finding keys, fetching onions for dinner, opening doors, finding hidden duck eggs and “delivering” them to me intact, etc; hospital therapy dog; constant companion/friend. She has huge want-to-please, patience, and intelligence. Competing outside ASCA, she has an HRDIIs (AHBA) title, and was the first dog of any breed to receive an HA (Herding Advanced) title from CDC, where she also earned a UD.
